Upon completion of this workshop, participants will be able:

- to better assess local professional development needs
- to complete an SAI assessment and immediately see the assessment results
- to learn how to facilitate discussions around data as aligned to the NSCD Standards.

This workshop is designed for:

- teams of 2-3 school district individuals (administrator and district professional development chairperson suggested).
- pd committees who wish to gain more knowledge on determining professional development needs of their district or school.
